## **JOKE GENERATOR** FROM CHIP

Phew, that hand painting was messy, wasn't it? Let's stop for a breather and a joke or two.

Take a giggly moment and print and make Chip's joke generator, or pick your own jokes and create your own?

\*Could you ask for donations too? Why not host your very own comedy night for family and friends and entertain them with the jokes you've come up with. Everyone loves a laugh and it would all be for such a great cause.
