

My name is:

Bingo

How many of these coding activities will you complete at your club? Cross off each box once you've completed the activity. To make it extra exciting, see who in your club can be the first to cross off a whole line, or even the whole grid!

 I created my first line of code 	I used code to change a sprite's costume	I feel like a coder! 	I completed a Scratch project!
I made a score counter	I shared my project with my friends and family	I redesigned a sprite 	I helped a friend debug their code
I discovered how to use code to join text in Scratch 	I learned how to stop a sprite from running off the stage using the 'if on edge bounce' block 	I showed my project to my club leader	I got creative and designed my first animated story in Scratch 
I made a game with a friend	I used the Pen extension in Scratch	I researched a famous coder and shared my findings with my club	I used a variable to make a timer in Scratch
I had fun at Code Club! 	I added sound to a sprite in Scratch 	I gave positive feedback for someone else's project 	I completed a whole Scratch module and received a certificate!
