PREAMBLE

- A. The Storage Facility Manager operates two aquifer storage sites named Izaute and Lussagnet and located in the Gers (32) and Landes (40) departments.
- B. The Customer asked the Storage Facility Manager to store quantities of natural gas in its Storage Facility.

The Customer had the opportunity to ask all useful questions enabling it to subscribe to the products and services of its choice, under its full responsibility, as provided in the following articles.

In compliance with the arrangements provided in article 4.2 of General Terms and Conditions, the Customer has supplied its permit to supply natural gas in France and declares that it has concluded a natural gas transport contract with TERÉGA applicable on the effective dates of the Contract.

All capitalized terms appearing in this document are defined in article 1 of General Terms and Conditions.

In view of these elements, the following has been agreed.

ARTICLE 1 CONTRACTUAL DOCUMENTS

The Contract defined in article 1 of General Terms and Conditions is composed of the following documents :

1. Supplementary Conditions and their appendices;
2. General Terms and Conditions and their appendices, published on www.terega.fr;
3. Riders;
4. Capacity booking slips.

In signing the present Natural Gas Storage Contract, the Customer:

- ✓ acknowledges having read the General Terms and Conditions;
- ✓ expressly agrees its provisions.

The Contract cancels and replaces all prior agreements made between the Parties regarding the subscription to Storage Capacities and/or Additional Services.

ARTICLE 2 PURPOSE

The Special Terms aim at completing the arrangements provided in General Terms and Conditions and specifying the Standard Products and Additional Services involved in the Customer's subscriptions.

ARTICLE 3 EFFECTIVE AND TERMINATION DATES OF THE CONTRACT

Effective date of the Contract is the signature date of present Supplementary Conditions. It is concluded for an indefinite period in accordance with the provisions given in article 22 of General Terms and Conditions.

ARTICLE 4 SUBSCRIPTIONS TO STANDARD PRODUCTS AND PRICES

The Customer's subscriptions to Standard Products under the Contract are the following:

Standard Product	FAST
Number of Storage Units	
Storage Capacity [MWh (GCV)]	
Daily Nominal Injection Capacity [MWh (GCV)/Day]	
Daily Nominal Withdrawal Capacity [MWh (GCV)/Day]	
Validity Start Date	
Validity End Date	
Storage Unit Price [EUR/MWh]	

Standard Product	FIZZ
