NIGHTHAWK®

Nighthawk® 5G Mobile Router

Key Features

- Stand alone batteryless operation for fixed wireless applications

- Secure Mobile Internet to deliver incredible download speeds of up to 5 Gbps; 5G enabled with LTE fallback

- Supports Sub6 5G NR (N)SA with LTE CAT 20 fallback up to 7-band Carrier Aggregation, 4x4 MIMO and 256QAM

- Always-on connection you can count on and connect up to 20 devices

- Increase network performance and reduce interference with 802.11ax, 2x2 MIMO and 2.4/5GHz Dual Band Dual Concurrent

- Powerful and long-lasting battery

- Monitor data usage, manage device and network settings with the 2.4" LCD touch screen or the simple, intuitive NETGEAR Mobile App

- Simple setup with no software to install – just power on and connect

- Smart Transmit Feature - efficiently manage device power

Technical Specifications

Technology / Bands

- 5GNR Sub 6GHz (N)SA

- LTE CAT 20, 24 Layers with 256 QAM

- 5G Bands: 600MHz/n1/n3/n7/n8/n20/n28/n77/n78

- LTE Bands: 1/2/3/4/5/7/8/12/13/14/20/25/26/28/29/30/46/48/66/71/38/39/40/41

- IPV6 Support

Chipset

- Qualcomm SDX55

WiFi

- 2x2 + 2x2 11ax/ac 80 MHz Dual Band Dual Concurrent

- 802.11a/b/g/n/ac/ax

Data Usage Meter

- Manage your data and how much you use

Dimensions

- 105mm x105mm x 20mm

Weight

- 240 g (with battery)

External Display

- 2.4" LCD Touch screen

Battery

- Large 5040mAh battery

External Port

- USB 3.1 Type-C Port

- 1 Gbps Ethernet port

Package Contents

- Nighthawk 5G Mobile Router

- Removable Lithium Ion (Li-ion) Battery

- QC 2.0 Power Adapter

- USB Type-C Cable

- Quick Start Guide
