Founded in 1907, Japan Society presents sophisticated, topical and accessible experiences of Japanese art and culture, and facilitates the exchange of ideas, knowledge and innovation between the U.S. and Japan. Year round events encompass world-class exhibitions, dynamic classical and cutting-edge contemporary performing arts, film premieres and retrospectives, workshops and demonstrations, tastings, family activities, language classes, and a range of high-profile talks and expert panels that present open, critical dialogue on issues of vital importance to the U.S., Japan and East Asia.

An oasis of Japanese design, elegance and tranquility, Japan Society offers corporations and nonprofit organizations the opportunity to take advantage of its magnificent building. Ideal for conferences, receptions and other special events, the Society's distinctive and well-equipped facility is available for rental. Located near the United Nations on 47th Street and First Avenue, Japan Society is set against the stunning backdrop of a sculpture garden, reflecting pool and waterfall. The classic elegance and simplicity of architect Junzo Yoshimura's original vision, completed in 1971, has been preserved even as it has been enhanced by an extensive renovation completed in 1998.
