**Desktop Support Engineer**

**ABOUT JAPAN SOCIETY**

Japan Society is the premier organization connecting Japanese culture, business, and society with audiences in New York and around the world through innovative programs in arts and culture, public policy, business, sustainability, and education, online and on-site at our headquarters in a landmarked New York City building. Since 1907, our mission has been to promote mutual understanding and kizuna – forging deep connections – between the U.S. and Japan, by convening critical conversations, championing future creators, and serving as a trusted guide to the abundance of Japan. We are committed to strengthening connections within our community and building new bridges beyond.
